Burroughes History

Purpose built in 1907 with an addition added in 1910, the Burroughes has been defining Queen Street West as the tallest building on this trendy stretch. The Burroughes was not always known as such. Only until recently, once purchased and repositioned the property, did the name emerge. After much thoughtful research and consideration did what we celebrate today become a recognized brand.

The building has been expertly renovated to carefully preserve its priceless character features. With restored elevators, wood details and exposed brick the property is like no other in the city. Described as a hidden gem by the real estate investment community, while tastemakers simply comment that only those who should know, know about the property.

Since only launched recently, The Burroughes is still considered a hidden gem.

Burroughes Gallery

3RD FLOOR

The Burroughes Gallery is a 5,500 square-foot hard loft space featuring warm honey toned exposed brick, original hard wood floors, post & beam, a large wetbar and track lighting.

It is ideal for social, corporate, exhibitions and creative events.

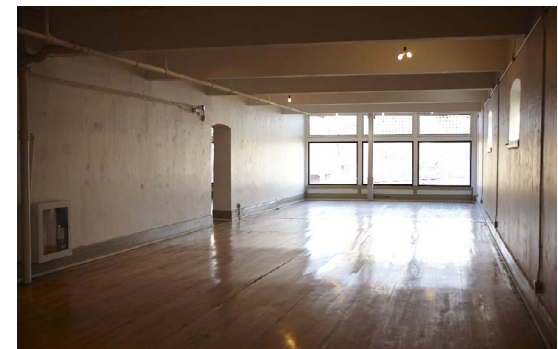

Capacity for a stand up event is 350 guests.

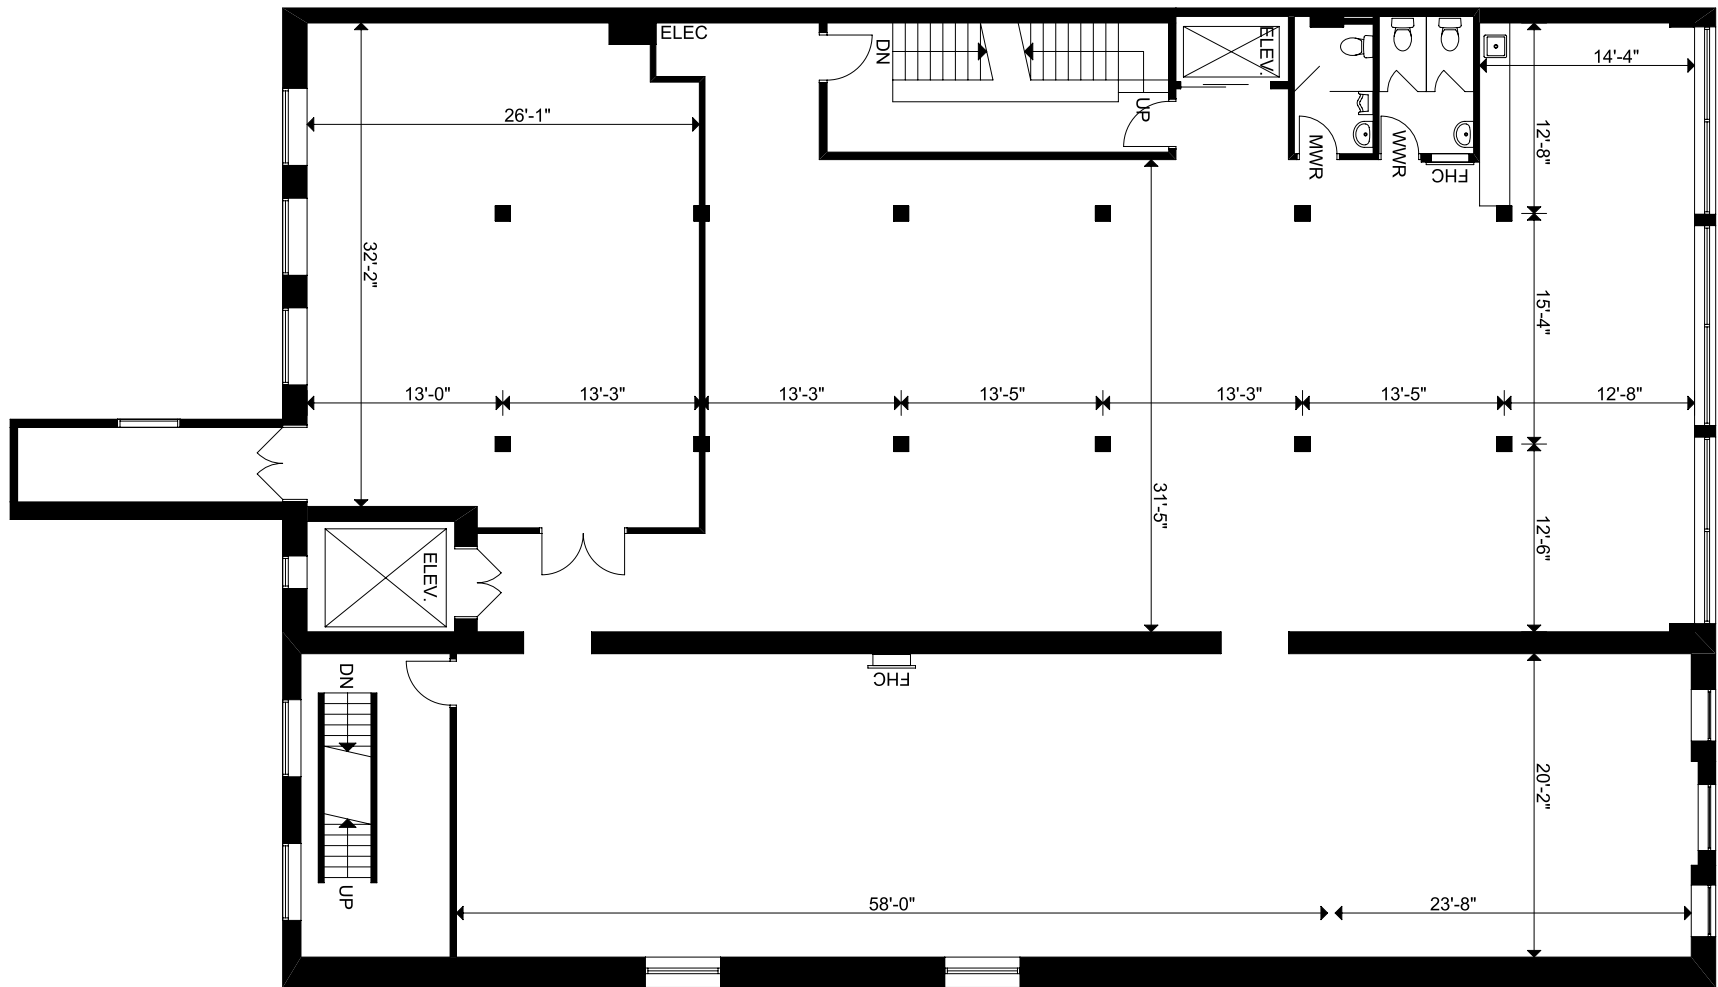

Capacities vary for a sit down dinner depending on the shape and size of tables you wish to use. The Burroughes' Event Coordinator will be happy to assist you with your floor plan.
